

DENTAL ASSISTING

AN ALLIED HEALTH TRAINING PROGRAM OFFERING
CONCURRENT CLASSROOM AND CLINICAL ROTATIONS
IN ONE CONVENIENT LOCATION; CURRICULUM INCLUDES
EXAM PREP AND TRAINING FOR RADIOGRAPHY LICENSURE

An allied health certification program made possible through
partnership by Trinity Free Clinic and Vincennes University

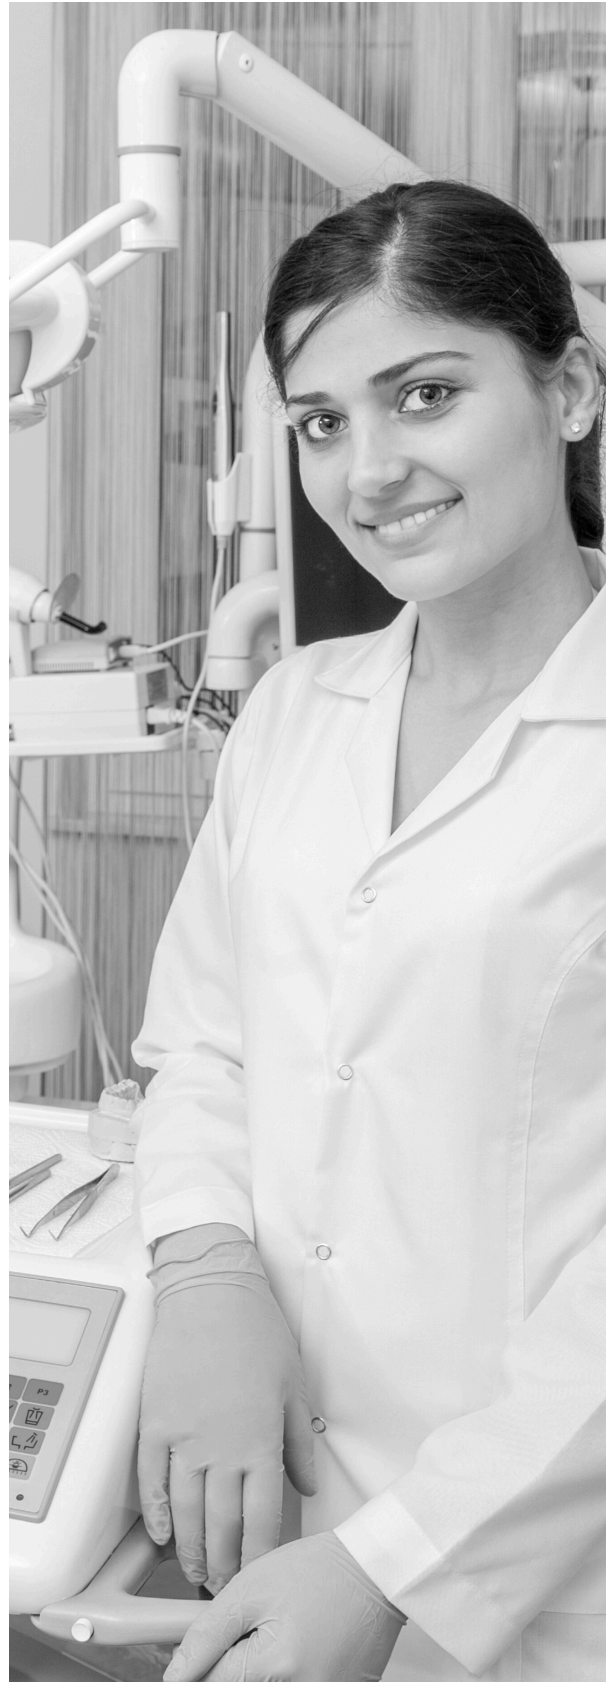

A HIGH-CALIBER CLASSROOM CURRICULUM WITH HANDS-ON, CLINICAL EXPERIENCE

Dental Assisting is a rewarding profession that can open doors to a fulfilling career in healthcare. This comprehensive program prepares dental professionals to assist chairside in an array of dental procedures, including comprehensive exams, dental restorations, oral surgery, and dental prosthetic services. This program includes instruction/exam prep for Dental Radiography.

Training takes place in our modern dental clinic, allowing you to gain experience using the latest technology, including digital imaging and electronic medical records.

WHY CHOOSE TRINITY?

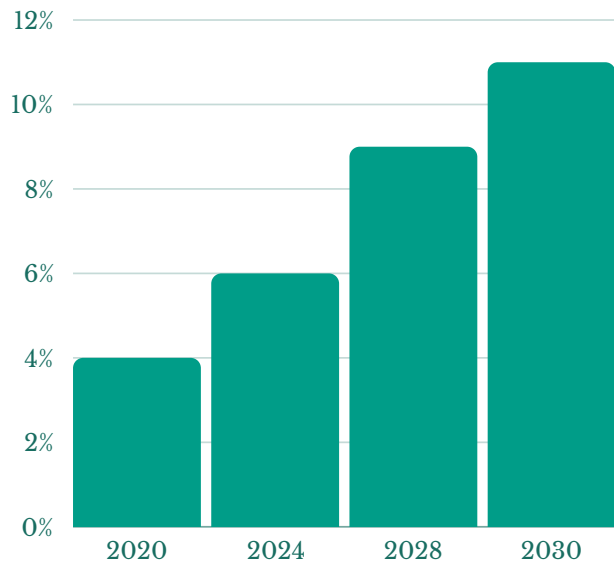

- Concurrent lecture, lab, and clinicals allow students to learn and apply knowledge and skills in real time in a working dental clinic (not just shadowing!) alongside trained dental professionals
- Small class sizes ensure individualized training and hands-on experience
- Program length and 2:2 ratio of classroom to clinical hours ensure grads emerge confident, competent, and ready to work!
- All-inclusive tuition means no hidden fees
- Soft-skills training includes workplace communications, dependability, patient relations, and financial literacy, developing not just great clinicians, but great employees and co-workers prepared to succeed in the workplace and in life
- Exam prep and practice tests to prepare for licensing and certification
- Career prep and placement

EMPLOYMENT OUTLOOK

DEMAND FOR D.A.S

Employment of dental assistants is projected to grow 11 percent through 2030 in Indiana, faster than the average for all occupations. Indiana has an average 790 dental assistant job openings each year; the highest demand of all dental occupations.
